Dear Parents,

## This week's news

We would like give a warm welcome to two new members of staff, Mrs Wright who is providing support in the school office and Mrs Sembhi who is supporting children in Damson Class, both ladies are covering lunchtime duties.

On Monday the Friends of Burton Green will be having their Annual General Meeting at 7pm. They have made a significant difference to the resources every child in the school is able to use this year. Please come along and give your support to a hard working group.

This week our Personal, Social and Health Education whole school focus has been 'Taking Care'. This is a personal safety curriculum that enables each child to develop protective behaviours to keep themselves safe. The two themes of Protective Behaviours are: We all have the right to feel safe all the time. WE can talk with someone about anything, even if it feels awful or small. They will be developing a 'hand' of people they can trust so please look out for any 'Taking Care' cards which may come your way.

We would like to share more about 'Taking Care', Spring Fever and Online Safety with you. Please join us at 7.30 after the Friends of Burton Green AGM on Monday.

I hope you have all sent in your slips for our 'SING' Film Night on Friday.

## Class Highlights of the Week:

**Maple Class:** We are really enjoying the Superworm story this week and are creating our own super bugs! We are also learning about our feelings and our early warning signs as part of taking care week.

**Cedar Class:** We have enjoyed reading alternative traditional tales and writing our own. We have also been discussing feelings in Taking Care week and how we communicate them.

**Damson Class:** We have been identifying our early warning signs and how to deal with them when we feel scared. Also, we have been preparing for our trip to the Black Country Museum.

**Oak Class:** We have been busy analysing instruction texts and looking forward to following some war time recipes on Monday. In numeracy we have been comparing multiplication methods.
